

# Clean Compassion

Creating jobs Offering hope Saving our environment

Merry Christmas

We are so thankful for the continued support we have received this last year for Clean Compassion. Your support has enabled us to continue creating jobs and changing lives. Even with the added complications of Covid and travel, we have still continued to work in Cambodia, Haiti and Honduras. We also hope to reach out this next year to work with other countries creating jobs.

In Cambodia, we have continued to partner with the Rock Foundation creating jobs. We are paying to train people to drill wells. This is a sustaining job that provides wages for families and communities. This year they have drilled 80 wells. This life-changing resource is providing clean, safe water to over 75,000 of the poorest of the poor in Cambodia.

In Haiti, we continue to work with Pastor Samuel with the Bakery. This bakery is a training ground for many employees. They learn a trade at the same time they are earning a sustainable income.

In Honduras, we are working on creating jobs selling solar products. Electricity is not available to many in Honduras, so solar is a very good alternative. We are working through the challenges of delivering products.

As we close out this year, we want to thank each of you for your support, both financially as well as in prayer, for the endeavors we pursue. Your generosity enables many around the world to earn a living, bringing hope to many.

With grateful hearts~  
Tom and Tracey Mehrer
